## PROFESSIONAL SUMMARY

Flutter Developer with 3.5 years of experience in building scalable, high-performance cross-platform mobile applications. Skilled in Flutter, Dart, Firebase, RESTful APIs, and AI-powered integrations. Experienced in implementing intelligent features such as OCR-based data extraction, automated messaging systems, and AI-driven user interactions. Seeking a challenging role to leverage expertise in mobile app development and AI-enabled solutions to create impactful user experiences in a growth-oriented organisation.

## EDUCATION

**Bachelor of Computer Application (BCA)** from North Maharashtra University

July 2017 – June 2020

## TECHNICAL SKILLS

**Languages & Frameworks:** Flutter, Dart

**Databases & Cloud :** Firebase(Auth, Firestore, Cloud Messaging, Push Notifications ), Isar, Hive

**APIs & Integration :** RESTful APIs, Third-party API integration, Real-Time data sync, Pushwoosh, AI Integration

**Tools & Platforms:** Git , GitHub, Jira, Postman, VS Code, Android Studio, Xcode

**Deployment:** Google Play Store, Apple App Store

**Additional Skills :** Basic knowledge of Laravel framework for backend integration.

## PROFESSIONAL EXPERIENCE

**Senior Flutter Developer** at **Aspire Webs & Informatics Pvt. Ltd.** – Nashik, Maharashtra

Aug 2022 – Present

- Designed, developed, and maintained 5+ **cross-platform mobile apps** using Flutter, achieving a **30% faster development cycle**.
- Led a team of 3 developers on client projects, improving delivery timelines by **25%**.
- Integrated Firebase services (Authentication, Push Notifications, Firestore), reducing backend dependency and improving real-time user engagement.
- Collaborated with cross-functional teams to deliver apps with **95% crash-free sessions** and **positive client feedback**.

## PROJECTS

### UAE AQAR – Real Estate Mobile App

- Developed a cross-platform app for buying, selling, and renting properties across UAE.
- **Features:** Advanced search filters, image uploads, in-app chat, push notifications.
- **Tech Stack:** Flutter, Firebase (Auth, Notifications).

### **UAE CARS – Automobile Marketplace Mobile App**

- Developed a cross-platform mobile application for buying, selling, and renting cars across UAE.
- **Features:** Advanced search filters (brand, model, price, year), image uploads, in-app chat, push notifications.
- **Tech Stack:** Flutter, Firebase, REST APIs.

### **Mech Manager – Garage Management App**

- Built a mobile solution for workshops to manage vehicle service history, job cards, billing, and inventory.
- **Features:** Job tracking, invoice generation, role-based access.
- **Tech Stack:** Flutter, Firebase, REST APIs.

### **Local Shouts – AI-Powered Digital Business Card & Smart Contact Management App**

- Developed a cross-platform mobile application that replaces traditional visiting cards by enabling automated communication and intelligent contact management for seamless professional networking.
- **Features:** Post-call automated SMS system, customisable follow up messages, Physical visiting card scanning AI-Powered OCR-based contact details extraction using OpenAI, and one click to contact saving to phonebook.
- **Tech Stack:** Flutter, REST APIs, OpenAI API, OCR Integration.

### **Property Aaj – Indian Real Estate App.**

- Full-featured real estate app with property listing, filters, and chat.
- **Features:** Authentication, push notifications, in-app chat.
- **Tech Stack:** Flutter, Firebase, REST APIs.

### **RvingUSA – RV Travel Guide & Community Mobile Application.**

- Developed a feature-rich mobile application for RV travelers to discover, explore, and review over 48,000 RV resorts and campgrounds across North America.
- **Features:** Advanced location-based search (state, city, amenities, distance), property profiles with images and descriptions, 5-day weather forecasts, interactive maps, click-to-call functionality, business deals and in-app reviews synced with the RvingUSA website.
- **Tech Stack:** Flutter, Firebase, REST APIs, Location Service.

### **Aspire Chat – Internal Messaging App (Windows & macOS)**

- Built a cross-platform desktop chat app for internal communication.
- Integrated Pushwoosh API, Firebase Auth, and Isar DB.
- Reduced dependency on Slack/MS Teams, saving costs for the company.
- **Tech Stack:** Flutter, Firebase, Pubnub, Pushwoosh, REST APIs.
